Overview

The SpliceGroup™ 4-Way Customer Termination Panel (CTP) is a compact, modular 1U front-access panel designed for high-density fibre management. It supports up to four SpliceGroup™ Standard Modules (STM) or CTP cassettes, providing a capacity of up to 96 fibres with small-form-factor connectors.

Front-loading modules enable quick configuration changes without disturbing existing fibres. The split-chassis design allows independent module handling, and optional rear cable-management accessories are available.

Main Features

- Compatible with 19", 21", 23" racks and ETSI mounts
- Simple installation and universal rack fit
- Independent module management
- Front fibre management; optional rear cable management
- Supports 4 x modules or cassettes per 1U panel (up to 96 fibres)
- Scalable design with mix-and-match modules or cassettes
- Suitable for passive optical devices (CWDM, DWDM, Splitters)
- Compatible with various connector types (SM, OM1 - OM5).
